

DID YOU KNOW?

Nearly half of women's estimated \$3 trillion USD contributions to global health work are **unpaid and unrecognized**.

Women comprise 70% of global frontline health workers yet are **underrepresented in health leadership, holding only a quarter of leadership roles**.

Women-led and women's rights organizations receive less than 1% of official development assistance funding—**despite most often being first responders to crises in their communities**.

This election, ask your candidate:

Given that pandemic recovery will depend on women leading everywhere around the world,

**WHAT WILL YOUR PARTY DO TO
INVEST IN WOMEN'S
LEADERSHIP?**
